Annual Conference

Attend our signature event, which includes workshop and training seminars, sessions with governmental agencies, industry associations, carriers, and business partner showcase connection opportunities. The conference is held each spring in different regions of the United States, giving all members an opportunity to participate.

Regional Meetings

Participate in one of the 7 regional meetings each fall to develop deeper connections with industry partners, administration, and educators in your specific region, while keeping your pulse on national trends and their impact closer to home. Registration, participation, and meals are at no additional cost.

Regulatory Influence

Will your voice be heard on upcoming legislation and compliance issues? Our members helped shaped the Entry Level Driver Training (ELDT) rule, Electronic Logging Device (ELD) mandates, HOS rules, and COVID regulations. Now, it's time to take the on speed limiter mandates, ELD expansion, carbon emission standards, and future policy shifts that impact the entire trucking industry.
