

**MAXIMIZE YOUR INFLUENCE. EXPAND YOUR NETWORK. STAY AHEAD.**

## DID YOU KNOW?

NAPFTDS members train over **43,000 students** annually, with a behind-the-wheel average time of 80 hours, an average classroom time of 81 hours, an average length of program of 8 weeks, totaling an average of **263 hours of training**.

### **Stronger training. Smarter drivers. A better industry.**

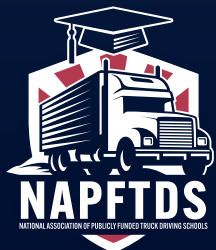

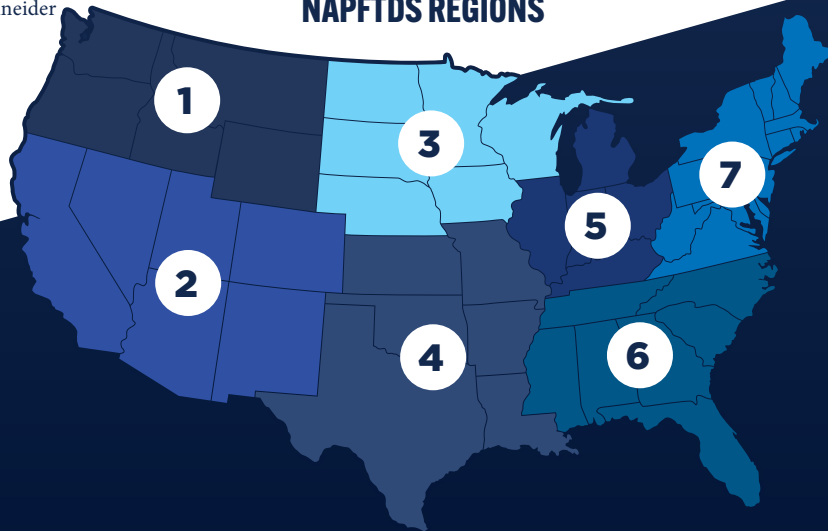

"Schneider has been a longtime member and supporter of NAPFTDS. We value the high quality students and training they receive from member schools. There is also the added benefit of networking opportunities that allow us to be current with trends and events, as well as market dynamics that impact and share our industry."

**Bill Buechel**  
Director of Driver Field  
Recruiting and Programs  
Schneider

"MATC is proud to be an active member of NAPFTDS because this association has directly shaped our program into the exceptional training environment it is today. From my very first conference, I saw the value of being part of a community committed to personal and professional growth. Our students deserve well trained, knowledgeable instructors, and NAPFTDS has helped us build exactly that. The unwavering support from partner schools, carriers, and industry organizations strengthens every aspect of our work. Simply put, the MATC Truck Driving Program would not be as successful without NAPFTDS."

**Dan Zdrojewski**  
Lead Faculty, Truck Driving  
Milwaukee Area Technical College

**Your voice matters. Your impact starts here.**

Join the network shaping the future of trucking  
through high-quality, community based training.

# NATIONAL ASSOCIATION OF PUBLICLY FUNDED TRUCK DRIVING SCHOOLS

Advancing public trucking education and the transportation industry since 1990.

Be part of the movement driving the industry forward!

## WHO CAN JOIN?

- Community Colleges
- Public Technical Colleges and Schools
- Government Entities
- Trucking companies
- Equipment manufacturers
- Insurance providers
- Publishers
- Service providers
- Industry partners dedicated to excellence in driver training

## WHY JOIN NAPFTDS?

- **Expand your network** - Connect with top training providers, skilled graduates, and industry leaders through exclusive networking and professional development opportunities.
- **Stay ahead of industry trends** - Access exclusive training resources, best practices, and cutting-edge education techniques and technologies, while contributing your expertise, growing your reputation, and earning recognition.
- **Shape industry policy** - Influence regulations and decision-making working directly with federal, state, and local policy makers and others.
- **Attend exclusive events & professional development programs** - Enhance your knowledge and grow your impact at national conferences, regional meetings, and online training.

*"Being part of NAPFTDS has been an excellent avenue for networking with industry experts. We find that NAPFTDS produce top-notch students. Being part of this association has also been a great resource for staying informed of regulatory issues on state and national levels."*  
Lesley Vincent, Field Recruiting Manager, Melton Truck Lines

## WHICH BENEFIT WILL YOU TAKE ADVANTAGE OF FIRST?

### Learning Curve E-newsletter

Subscribe to our newsletter to receive important industry updates and insights 4-6 times per year. Sign up quickly at [napftds.org](http://napftds.org).

### Annual Conference

Attend our signature event, which includes workshop and training seminars, sessions with governmental agencies, industry associations, carriers, and business partner showcase connection opportunities. The conference is held each spring in different regions of the United States, giving all members an opportunity to participate.

### Regional Meetings

Participate in one of the 7 regional meetings each fall to develop deeper connections with industry partners, administration, and educators in your specific region, while keeping your pulse on national trends and their impact closer to home. Registration, participation, and meals are at no additional cost.

### Regulatory Influence

Will your voice be heard on upcoming legislation and compliance issues? Our members helped shaped the Entry Level Driver Training (ELDT) rule, Electronic Logging Device (ELD) mandates, HOS rules, and COVID regulations. Now, it's time to take the on speed limiter mandates, ELD expansion, carbon emission standards, and future policy shifts that impact the entire trucking industry.
